

ANI Networks Overview

ANI Networks is a privately held, facilities based wholesale carrier offering traditional long distance voice services to all wholesale markets ranging from CLEC's to switchless resellers and facilities based carriers.

ANI Networks Offers:

TDM & VoIP Switch Facilities & Interconnection

Domestic & International Points of Presence

The ARK©: Web Based Provisioning & Customer Care Portal

Aggressive Customer Specific Pricing Solutions

For over 20 years, ANI Networks has been serving the retail and wholesale markets. During that time we have built a highly reliable network, time tested our back office and have empowered our sales and support teams to provide solutions to your complex telecom needs.

ANI Networks Products & Services:

Switchless Outbound (1+)

Switchless Inbound (Toll Free)

Carrier Termination

Carrier Toll Free Origination

Resale Services (wireless data and mobile, web development, conferencing, hosted surveillance, data/IP)

Save time and money. Our rates will be highly competitive against your current carrier, not to mention the increased efficiencies we will bring to your provisioning, billing and customer support processes.

Enjoy our superior network quality; which will decrease your customer services issues while increasing revenue to your bottom line.

Work with a carrier who is dedicated to your success and will do everything possible to make sure your experience with ANI Networks is both productive and positive.
